Positions Announcement: Read before you make changes

The new positions feature in OrgSync might mean that there are some questions you no longer need to ask in your organization registration form. However, if you just delete those questions or pages you will lose any past data associated with those questions. In order to not lose data, just mark your question as being "admin only". This will hide the question from your users, but you will still have access to the data for reporting purposes.

If you have any questions please **contact your campus consultant**.

The Basic Profile

The Basic Profile is set up by OrgSync and requests basic information about the organization including full organization name, abbreviated name, category, description, keywords and website. This information becomes a part of their profile, so you do not need to ask for it below. If you would like to add additional questions, you may do so using the form builder below.

Contact your campus consultant for the organization registration best practices guide.

INCLUDES:

- Full Organization Name
- Abbreviated Name
- Category
- Description
- Keywords
- Website

If you will be hosting activities with alcohol, consider reaching out to **<u>AODHRI</u>**, a branch of the YCDO. The Alcohol and Other Drugs Harm Reduction Initiative is dedicated to reducing the various harms - physical, psychological, academic, and social - of drug and alcohol use among Yale undergraduates. AODHRI works to make sure students have the information and skill set they need to make smart choices regarding alcohol and drugs, and to create an environment that is conducive to those choices.

The AODHRI staff would be happy to sit down with your planning team to help you think through your event. You can contact them any time at aodhri@yale.edu

If you choose to host activities with alcohol, you should also become familiar with the Undergraduate Regulations on Alcohol.

Note especially:

- The legal drinking age in Connecticut is twenty-one. The law provides that anyone who gives an alcoholic beverage to a person under the legal drinking age or to any person who is intoxicated is in violation of the law. It is also a violation of the law for a person under the legal drinking age to possess alcohol or to misrepresent his or her age.
- Alcoholic beverages are to be served from a well-illuminated bar physically separated from places where other refreshments are served.
- When serving alcohol at an on campus event, only authorized bartenders assigned to the event from a pool to be administered by Yale Dining can serve alcohol. Service of alcoholic beverages must cease one hour prior to the scheduled end of an organized social function.
- At any on campus event at which alcoholic beverages are served, the host must also provide non-alcoholic beverages and food in adequate amounts. Service of alcoholic beverages must cease if the supply of non-alcoholic beverages is exhausted.
- Beer and wine may be served at organized on campus social functions. Other alcoholic beverages, such as punch and mixed drinks, may be no more than 15% alcohol by volume. Grain alcohol is prohibited on campus.
- Students are strongly encouraged to call for medical assistance for themselves or for any student who is dangerously intoxicated; such a call for emergency help does not in itself lead to disciplinary charges.
- Connecticut statutes explicitly forbid the sale of alcoholic beverages unless the seller holds a state liquor license. No alcoholic beverages may be sold anywhere in the residential colleges or college annexes, Baker Hall ("Swing Space"), or anywhere on the Old Campus. Stratagems such as the sale of chits, potato chips, set-ups, or any article that may be redeemed for alcoholic beverages are the equivalent of paying money for alcoholic beverages and are prohibited. No admission may be charged or accepted for cocktail parties or other drinking parties no matter how named.
- There may be no advertising on the Web or elsewhere of alcoholic beverages at campus functions or at off-campus functions arranged by student organizations.
